

Dr. Frank Miller is chief of the body imaging section and medical director of MR. He is the Lee F. Rogers MD Endowed Professor of Medical Education at Northwestern University Feinberg School of Medicine. Until recently, for over 25 years was the body MR fellowship director training over 150 fellows. Dr. Miller graduated from the Honors Program of Medical Education and residency at Northwestern University and did his abdominal imaging fellowship at Brigham and Women's Hospital Harvard University. He is a fellow of the American College of Radiology, Society of Abdominal Radiology (SAR) and Society for Advanced Body Imaging. He was a Figley Fellow in Journalism for AJR. He is the consulting editor for the Radiologic Clinics of North America, senior editor of Advances in Clinical Radiology, and gastrointestinal section editor for American Journal of Radiology. He was the Igor Laufer SAR Visiting Professor and Richard Marshak SAR International Lecturer, and a former chair of the Disease Focus Panel on Liver Fibrosis. He is the Director of Education for the Society of Abdominal Radiology becoming president in 2025.

His main research interests relate to body MR especially pancreatic, hepatobiliary, and oncologic imaging including assessment of response to liver-directed therapy. He is interested in cutting-edge technology including diffusion weighted imaging and MR elastography, for which he received the Clinical Innovation Award at NMH. He has written over 250 papers and chapters and coauthored two books on GI and GU radiology. He has been on the ACR Appropriateness Criteria Committees for GI and Abdominal Radiology. He has received the lifetime honored educator award from the Radiological Society of North America.
